The Honourable David R. Clark, Q.C.
Minister of Justice
Province of New Brunswick

Dear Minister:

I have the honour to submit the forty-ninth Report of the Superintendent of Insurance for the insurance companies' business year 1985 and for the Superintendent's fiscal year ending March 31, 1986.

The severe problems of market availability and escalating cost of liability insurance made 1985-86 a noteworthy period. All segments of our society were affected and, as a result, most organizations have reassessed their liability insurance needs, buying practices and have a new awareness and appreciation of the need for continuous loss prevention programs. While all liability insurance issues have not been totally resolved, a retrospective look suggests the actual problems in Canada were not as serious as first portrayed.

In New Brunswick, the Superintendent's office was able to ensure market availability for all insurance needs brought to our attention. It is acknowledged that this was not always at a cost acceptable to the buyer. Industry officials and agents are to be commended for their understanding and their efforts to identify solutions for the needs of the insuring public. We are continuing to monitor the situation and to study acceptable legislative considerations to alleviate long term adverse influences on loss costs.

The insurance business year 1985 was another record for New Brunswick. There was a 12% increase in insurance premiums paid by insureds which totalled almost $547,000,000 by year-end. Payouts in claims and policy dividends also amounted to a new high of approximately $322,000,000. Other than life business overall loss ratios decreased from 70% in 1984 to 55% in 1985 and the details are highlighted within this Report.

Le 11 mars 1987

L'honorable David Clark, c.r.
Ministre de la Justice
Province du Nouveau-Brunswick

Monsieur le Ministre,

J'ai l'honneur de vous présenter le quarante-neuvième rapport du surintendant des assurances pour l'exercice 1985 des compagnies d'assurance et pour l'exercice du surintendant se terminant le 31 mars 1986.

Deux graves problèmes, soit l'accessibilité au marché des assurances et l'accroissement des coûts de l'assurance-responsabilité, ont marqué l'année 1985-1986. Tous les secteurs de la société en ont souffert et, en conséquence, la plupart des organisations ont réévalué leurs besoins en matière d'assurance-responsabilité et leurs méthodes d'achat et se sont enfin rendu compte de la nécessité de mettre en oeuvre des programmes permanents de prévention des sinistres. Quoique l'on n'ait pu régler entièrement toutes les questions touchant l'assurance-responsabilité, on s'aperçoit, si l'on jette un regard en arrière, que les problèmes que l'on connaît actuellement au Canada ne sont pas aussi graves qu'on l'avait pensé au départ.

Au Nouveau-Brunswick, le bureau du surintendant a été en mesure de garantir un accès suffisant au marché des assurances pour répondre à tous les besoins en assurance qui nous ont été signalés. Certes, cela ne s'est pas toujours fait à un coût acceptable pour l'acheteur, mais les dirigeants et les agents du secteur des assurances ont fait preuve de compréhension et ont travaillé fort pour trouver des solutions aux problèmes d'assurance du public. Nous continuons à suivre la situation de près et à étudier les mesures législatives qu'il faudrait adopter pour réduire les répercussions négatives à long terme sur les coûts des sinistres.

L'industrie de l'assurance a connu une autre année record en 1985 au Nouveau-Brunswick. Les primes ont augmenté de 12 %, s'élevant à près de 547 000 000 $ à la fin de l'année. En outre, les prestations et les bénéfices sur les polices d'assurance ont eux aussi atteint un nouveau sommet d'environ 322 000 000 $. Mise à part l'assurance-vie, le taux de sinistres dans l'ensemble du secteur de l'assurance est passé de 70 % en 1984 à 55 % en 1985. Les détails figurent un peu plus loin dans ce rapport.

The Office of the Superintendent of Insurance continued to collect significant revenues on behalf of its own operations, the Department of Transportation and the Department of Labour.

The Fire Marshall's tax, levied on all fire premiums collected by insurers during 1985-1986, exceeded $480,000. The tax rate is 1% of premiums and was collected on behalf of the Department of Labour.

The expenses of the Automobile Insurance Rate Filing section of the Public Utilities Board are collected on behalf of the Department of Transportation. The expenses collected from insurers, based upon a charge pro-rata the automobile insurance premiums, were in excess of $163,800 for 1985-1986.

The Insurance Branch collects its own expenses by way of a pro rata assessment on the industry based upon premium income and the 1985-1986 amount exceeds $235,900.

Premium taxes are collected on the basis of 2% of premium income for life companies and 3% of premiums of other than life companies. The amount received for 1985-1986 was almost $10,400,000.

License revenues totalled almost $103,000.

There were 313 insurance companies licensed during 1985. The mix is as follows:

Licensed Insurers	1985-86	1984-85
Provincial Mutuals	4	4
Life	110	114
Other than Life	184	180
Fraternal (Life)	10	10
Fraternal (Other than Life)	1	1
Reciprocal	2	2
Miscellaneous	2	2
	313	313

Le bureau du surintendant des assurances a continué à percevoir des sommes importantes pour ses propres opérations et pour celles des ministères des Transports et du Travail.

La taxe du prévôt des incendies, prélevée à même les primes d'assurance-incendie perçues par les assureurs en 1985-1986, a dépassé les 480 000 $. Le taux d'imposition correspond à 1 % des primes, et la perception se fait au nom du ministère du Travail.

Les dépenses de la section des tarifs d'assurance-automobile de la Commission des entreprises de service public sont perçues au nom du ministère des Transports. Les sommes perçues des assureurs, lesquelles sont calculées sur une base proportionnelle aux primes d'assurance-automobile, ont dépassé les 163 800 $ durant l'exercice 1985-1986.

La Direction des assurances tire ses revenus des cotisations qui sont imposées aux assureurs, lesquelles sont calculées en fonction des primes versées. Les sommes perçues de cette façon en 1985-1986 ont dépassé les 235 900 $.

La taxe sur les primes correspond à 2 % des primes pour les compagnies d'assurance-vie, et à 3 % dans les autres cas. En 1985-1986, ce montant s'est élevé à près de 10 400 000 $.

Les recettes des licences se sont élevées à environ 103 000 $.

En 1985, 313 compagnies d'assurance étaient autorisées à traiter des affaires dans la province.

The agency and adjusting forces continued to grow during the year as indicated below:

There were more than 950 enquiries and complaints received by the Office during 1985-1986. The staff are to be commended for their concerned interest and the satisfactory results they are able to effect in most instances. As a rule, we find all segments of the industry are usually responsive and helpful where a "second look" seems appropriate. In some cases we are unable to resolve the matter, but find most parties are understanding and willing to recognize there are usually "two sides to an issue".

Most of the tables contained in this Report have been prepared on our newly installed (1987) micro-computer operations system. The staff have been most receptive to this new technology and when we are fully operational we will have enhanced capacity for service. Now that we are "on line", we anticipate our 1986-1987 Report will be available by early fall 1987. The timeliness and informational value of future Reports will be materially enhanced.

The role of insurance companies and their contribution to the financial markets of our economy is an emerging issue of some complexity and urgency . During the year under review there was accelerated attention given to product competition with other financial institutions, the mechanisms for earlier detection of solvency issues and more effective guidelines for enhanced self-regulation. These activities, combined with a heightened awareness of the need for interjurisdictional harmony in a rapidly changing market environment have created special challenges for the Superintendent's office. We are continuing to play an active role.

Le nombre d'agents et les facteurs d'ajustement ont continué de croître durant l'année, comme en fait foi le tableau ci-dessous :

Genre de licence	1985-1986	1984-1985
Assurance-vie	1510	1338
Assurance autre que sur la vie	878	857
Courtiers	76	71
Assurance-accidents et maladie	121	124
Assurance-voyage	76	62
Courtiers spéciaux	3	2
Experts en sinistres	77	70
Évaluateurs	270	267
	3011	2791

Notre bureau a reçu au-delà de 950 plaintes et demandes de renseignements en 1985-1986. Il faut signaler ici que le personnel a manifesté un réel intérêt à ce sujet et qu'il a réussi dans la majorité des cas à donner satisfaction aux gens. En règle générale, nous trouvons que tous les secteurs de l'industrie sont d'un grand secours lorsque nous jugeons bon de vérifier leurs affaires. Dans certains cas, il nous est impossible de trouver une solution, mais les parties concernées sont généralement compréhensives et prêtes à reconnaître qu'il y a habituellement deux côtés à une médaille.

La plupart des tableaux reproduits dans ce rapport ont été préparés à l'aide de notre nouveau système de micro-ordinateur, installé en 1987. Le personnel s'est très bien adapté à cette nouvelle technologie et lorsque le système sera entièrement opérationnel, notre service pourra donner un meilleur rendement. Maintenant que nous sommes "informatisés", nous prévoyons que notre prochain rapport (1986-1987) sera prêt au début de l'automne 1987. En conséquence, l'opportunité et la valeur informative des prochains rapports seront augmentées.

Le rôle des compagnies d'assurance et leur apport aux marchés financiers de notre économie constituent une question assez complexe qu'il devient de plus en plus pressant d'aborder. Durant la période visée, on a donné une plus grande attention à la concurrence avec d'autres établissements financiers en matière d'assurances, aux mécanismes à mettre en place pour détecter plus vite les cas d'insolvabilité et à l'adoption de lignes directrices plus efficaces qui favorisent une meilleure auto-réglementation. Ces activités, ajoutées à une conscience accrue de la nécessité d'en arriver à une harmonie entre les diverses compétences dans un marché en constante évolution, ont créé des problèmes particuliers au bureau du surintendant. Cela dit, nous continuons à jouer un rôle actif.

The Insurance Branch continued the Department's ongoing discussions with the automobile insurance sector concerning the design for an industry no-fault plan. The Branch also continued to express New Brunswick's long-standing view that present automobile rating is discriminatory and to press for a more responsive stance from the industry. We are pleased to witness Ontario's increasing concern with these subjects and it is hoped our combined concerns will bring eventual results.

Insurance is a highly competitive industry. We continue to seek ways to assist and foster a healthy market to meet the needs of New Brunswick insurance consumers.

Respectfully submitted,

Robert L. Scammell
(Acting) Superintendent of Insurance

La Direction des assurances a continué de discuter avec le secteur de l'assurance-automobile de la conception d'un régime d'assurance sans égard à la responsabilité. La Direction a aussi continué à exprimer l'opinion que le Nouveau-Brunswick professe depuis longtemps, à savoir que les taux d'assurance-automobile actuellement en vigueur sont discriminatoires, et à demander à l'industrie de prendre une position plus ferme à ce sujet. Nous sommes heureux de constater que l'Ontario s'intéresse de plus en plus à la question et espérons que nos efforts combinés donneront un jour des résultats.

Le secteur des assurances est extrêmement concurrentiel et nous explorons sans cesse de nouvelles façons de promouvoir un marché sain qui réponde aux besoins de la population néo-brunswickoise en la matière.

Respectueusement soumis,

Robert Scammell
Surintendant des assurances intérimaire
